GENERAL TERMS & CONDITIONS OF BUSINESS (GTC)

Scope, customer information

The following General Terms & Conditions of Business govern the contractual relationship between Askari Sport GmbH and consumers and merchants who purchase goods through our shop www.askari-hunting-shop.com. We do not accept terms that conflict with or differ from our General Terms & Conditions of Business. The contractual language is German.

Conclusion of Contracts

You may place one or several items in the shopping cart. During the order process you will be asked to enter your data and any requests regarding means of payment, delivery terms, etc. You are under no obligation to purchase the items until you click the order button. Upon clicking the order button, you make a binding offer to enter into a purchase contract. You may also submit a binding order by telephone or fax. A prompt e-mail or fax confirming receipt of your order does not yet constitute acceptance of your offer to buy.

All offers made in our catalogs and online shop are nonbinding. Placing an order via our online shop or by ordinary mail constitutes an offer to conclude a contract with us for purchase of the corresponding article or articles.

The purchase contract is then concluded when we dispatch the ordered merchandise to you. Deliveries to addresses in Germany go out within five workdays of receiving your order. Other delivery times may apply to some articles; if this is the case, it is indicated on the corresponding product page so that you are properly informed before submitting your order.

If it is impossible for us to deliver goods within the usual time periods due to operational disruptions that are beyond our control (e.g. force majeure, strikes, raw material shortages or shipping bottlenecks), we will inform you of this without delay. Only in these cases are we entitled to send multiple articles that you have ordered together in separate shipments. Division of a single shipment comprising several articles into several packages only takes place if sending all articles together in a single parcel would exceed the shipping agent's weight or size limits.

In the exceptional event that an article you have ordered is not available at all or cannot be delivered within 10 working days, no contract is concluded. We will inform you of this circumstance immediately upon receiving your order.

If a contract for the delivery of a certain article has already been concluded, we may only withdraw from our obligation to deliver if our inability to do so is due to operational disruptions that are beyond our control (e.g. force majeure, strikes, raw material shortages or shipping bottlenecks). In cases of this kind, we will inform you of our inability to deliver and promptly refund any payments that you have already made.

We charge a small-quantity surcharge of €2.50 (CHF 2.50) on orders with a total purchase price of less than €25.00 (CHF 25.00), since we are otherwise unable to profitably handle them. This surcharge covers the share of material and personnel costs corresponding to the order, to avoid having to stipulate a minimum order value.

Customer information: storage of your order data

We save your order along with the details of the contract entered into (e.g., the product type, price, etc.). We will send you a copy of the GTC, but you may also see them on our website at any time after the contract is made. As a registered customer, you can access your past orders through the customer login area ("My Account/Orders").

Customer information: making corrections

You can use the Delete key to correct your entries at any time before you submit your order. We will inform you of other possibilities for correction as you proceed through the ordering process. You can terminate the ordering process at any time by closing the browser window.

Terms of Delivery

Articles are only sold and delivered in normal quantities for household use. Articles are dispatched from our warehouse at our own risk, to recipients within Germany by Hermes.
